WYANT *Favorite Dozen* ROSES Fall 1962

SEE COMPLETE LIST OF ROSES ON OTHER SIDE OF FOLDER

ROSES are steadily getting to be a more and more familiar part of every home garden. They used to be considered delicacies for only those who could pamper their flowers. Thanks to today's hybridists, they are now everyman's flower.

WYANT BLUE-BLOOD ROSES

Wyant Roses are good three-year-old, No. 1 bushes that have been grown by specialists with loving care. Continue treating them as living things, when you receive them. Digging and shipping begins in late October, and orders are filled in rotation of receipt.

NIAGARA. Fruity fragrance. \$2.50

BUTTERSCOTCH. Buff-yellow. \$2.25

HIGHEST RATING

Wyant Roses have been given the highest rating in CONSUMERS DIGEST. Profit by the findings of this unbiased magazine and buy the best. High quality means better success for you in your garden.

WILLIAM HARVEY. Rich deep color. \$2.25

NUMA FAY. Very double and fragrant. \$2.00

ROSES OF STRIKING BEAUTY

I wish you could see these beautiful monthly-blooming (Hybrid Tea) Roses. You would surely find a place for them in your garden. The assortment gives a complete color range of magnificent blossoms.

LIVING. Free blooming. \$2.50

LOWELL THOMAS. Dependable yellow. \$2.00

YOU AND YOUR ROSES

You want to get the most out of your Roses. Soil and weather conditions are generally much better for planting in the fall and you run less danger of losing plants set out then. But be sure you read and follow the simple but important planting directions with each order.

EMILY. Lovely pink. \$2.50

LOVE SONG. Attractive bicolor. \$2.50

WYANT ROSES *produce satisfaction*

WYANT ROSES are all three-year, field-grown budded bushes of the highest quality. Having been raised in the severe climate of Northern Ohio by Rose Specialists, they will produce satisfaction in your garden if given a chance.

FALL-PLANTED ROSES ARE BEST

Leading rosarians agree that fall is the ideal time to plant Roses. Fall planting results in earlier and larger blooms and more of them. Our Roses are dug when the season's growth has been completed and they are shipped to you at the proper time—October or November. At this time the soil is usually more mellow and easier to work. You can prepare it when convenient and have it ready when plants arrive. Poor soil can be greatly improved by adding up to $\frac{1}{2}$ peat or other type of humus. Roses like good soil.

LUCKY PIECE

(Pictured above)

New Peace Sport

LUCKY PIECE is another wonderful sport of Peace, entirely different from Peace-port. It has all of the great qualities of Peace plus the exquisite deep, two-toned salmon-pink color. Even more beautiful than Peace and its great size, vigor, healthy Peace foliage, good exhibition form and sweet Rose fragrance plus its lovely color variation as it matures, changing from deep glowing hues to lighter, more subtle shades, is fascinating and delightful, making it indeed the Gilded Lily of Peace.

A \$3.50 Rose

3 for \$9.20

PLANTING INSTRUCTIONS

Keep the roots moist all the time before planting.

Spread out the roots so they do not crowd; cover them with good soil and pour in water to settle the earth around the roots.

Plant about 18 inches apart, where there is sunshine at least half a day.

Mound soil about 10 inches high immediately after planting, to keep the moisture in the branches.

Visit Our Display Garden

Our display garden is open to visitors at all times and is in bloom into November, even after some frosts. Information and help on Rose growing problems gladly given at all times. We are open seven days a week.

Plant Protectors

Our $\frac{1}{2}$ -inch wire-mesh Plant Protectors, 9 inches high, help greatly to make planting easier, quicker and safer. Place around the plant, fill with soil for fall planting or winter protection. Re-use year after year.
3 for \$1.00; \$4.53 per doz., postpaid.
